About Luxxfolio

Luxxfolio is a forward-thinking financial technology company that is developing a blockchain based platform, powered by proprietary technology, to enable users to record the authenticity and provenance of luxury items, collectibles, and other non-traditional assets allowing them access to personal financial products that may not otherwise be available to them. The first iteration of the platform, a minimum viable product, is available for use by the public via the Company’s mobile application which can be downloaded from the Apple App Store and the Google Play Store.
